

A One day power packed workshop with India's renowned Motivational Speaker and Best Selling Author, Priya Kumar!

## Confidence is the Key to Success

This February, for the first time, Priya Kumar's Training Systems brings to you a special confidence building workshop for students.

Success is directly proportional to confidence. Lack of confidence and self-doubt are the real culprits behind low grades, low self-esteem and succumbing to peer pressure.

Examination is a hot button that triggers off nervousness and uncertainty even in the brightest students. When performance does not match preparation then one is left with regrets and not to mention the further lowering of one's self confidence in achieving future success.

**Peak Performance for Students** is a hands-on workshop where the students will get to experience the confidence and their innate power first hand!

In the workshop you will learn experientially how to:

- Break through fears and self doubt
- Gain greater confidence in oneself and one's abilities
- Learn to prepare for challenges
- Learn to tackle problems with possibilities
- How to be self reliant
- How to be positively inter-dependent
- Learning to team up with people who support your purpose
- How to become more assertive

Workshop Details >
